**Application deadline:** May 10<sup>th</sup>, 2025

**Application form link:** <https://forms.office.com/r/8Er5vYmCyp>

## Description

The executive course invites distinguished international graduates from globally recognized institutions to immerse themselves in the profound exploration of artificial intelligence and its transformative potential for society.

Guided by the insights of esteemed global policymakers, industry pioneers, visionary technologists, and EGADE's renowned faculty, participants will engage in dynamic discussions about AI's far-reaching impact on business, ethics, productivity, and societal well-being. This unique program encourages critical reflection on how AI can enhance human potential and foster sustainable progress.

During two days, we aim to navigate the complexities of AI, ensuring it serves as a catalyst for innovation and a force for good in our global community.

The course will be hosted in Monterrey, the vibrant innovation hub of northern Mexico. Framed by breathtaking mountains, Monterrey offers a compelling blend of natural beauty, rich cultural heritage, and cutting-edge industry. Known for its thriving nearshoring ecosystem, the city also provides unparalleled opportunities for international networking and collaboration.
